Plainsboro Public Library COVID-19 Precautions Policy

While Governor Murphy lifted the indoor mask mandate for vaccinated people on Friday, May 28th 2021, he has allowed individual businesses or entities to make local decisions about safety precautions.

As of Monday, March 7th, Governor Murphy lifted the State of Emergency due to COVID-19. Given this, the Plainsboro Public Library will be making masks optional as of April 6th, 2022.

We also ask that patrons be respectful of staff and other patrons who choose to use masks; patrons needing close assistance from staff with computers, printers and other library resources will be asked to temporarily wear a mask; masks will be provided by the library if needed so that we can assist you.

We continue to recommend 6 feet of social distancing in our public spaces.

This policy will be amended as we receive future guidelines.

Approved by the Plainsboro Library Board of Trustees 4/5/2022
